

# Junior Financial Accountant – International Markets

## Who we are?

ISX Financial EU Plc is an authorized Electronic Money Institution licensed by the Central Bank of Cyprus. We offer a range of financial services, including payments, issuance of electronic money, IBAN addressable stored value accounts, and KYC identity verification services to eCommerce merchants, regulated sector businesses, and consumers.

At ISX Financial EU Plc, we take pride in operating a sophisticated and patented anti-money laundering and anti-fraud system that provides real-time transactional security to our business and retail customers. Our platform detects AML issues currently in focus by regulators, ensuring compliance and security.

As part of the ISX Financial Group of companies, we deliver technology and financial services to our customers through our in-house developed platforms. With over 150 staff spread across our global offices in Australia, Cyprus, Lithuania, the United Kingdom, Netherlands, USA, Israel, and Malta, we maintain a strong presence worldwide.

This position offers an excellent opportunity to join ISX Financial and be a key player in our development, growth, and retention. Reporting to the Financial Accounting Manager – International Markets, the role will support the provision of the day to day financial accounting and control, month end close and annual audits for the company's global markets.

The Junior Financial Accountant role is an important hire for the business, as it supports and strengthens the International Finance Team as the company expands into new jurisdiction. We are looking for someone who is a team player, keen to learn, adaptable to many varied tasks, and can proactively manage tasks and deliverables.

## Responsibilities include (but are not limited to):

### Financial Record Keeping:

- Assist in maintaining accurate and up-to-date financial records.
- Record and classify financial transactions in the general ledger.
- Ensure the integrity and accuracy of financial data.

### Financial Reporting:

- Prepare and assist in the generation of financial statements, reports, and analyses.
- Support the month-end and year-end closing processes.

### Accounts Payable and Receivable:

- Process invoices, track expenses, and manage payments to vendors.
- Assist in managing accounts receivable, including invoicing and collections.

### Compliance and Regulations:

- Stay informed about accounting regulations and compliance requirements.
- Assist in ensuring adherence to relevant accounting standards and company policies.

### Bank Reconciliation:

- Reconcile bank statements to the general ledger.
- Investigate and resolve any discrepancies in a timely manner.
