

# Senior QA Engineer

## Who we are:

ISX Financial EU Plc is an authorised Electronic Money Institution licensed by the Central Bank of Cyprus. The company provides payments, issuance of electronic money, IBAN addressable stored value accounts and KYC identity verification services to eCommerce merchants, regulated sector businesses and consumers.

ISX Financial EU Plc also operates a sophisticated & patented anti-money laundering and anti-fraud system that also provides transactional security to business and retail customers. It is real time and detects the AML issues currently in focus by regulators.

ISX Financial EU Plc is part of the ISX Financial Group of companies. Our inhouse developed platforms allow us to deliver technology and financial services to our customers. The Group employs more than 140 staff located across our offices located in Australia, Cyprus, Lithuania, United Kingdom, Netherlands, USA, Israel, Malta.

## Responsibilities include:

- Create detailed, comprehensive, and well-structured test plans and test cases.
- Review test plans, test procedures, and quality manuals to understand the scope, requirements, and function of the problem.
- Ensure that products meet the organization's and customer's quality and product integrity requirements.
- Estimate, prioritize, plan and coordinate testing activities.
- Identify, record, document thoroughly and track bugs.
- Identify root causes of problems in the production process; recommend and/or implement corrective measures.
- Analyze data to identify trends in product quality or defects with a goal of mitigating and preventing recurrence and future defects.
- Stay up to date with new testing tools and test strategies.
- Ability to learn and gain domain knowledge on the job.

## Skills and Requirements:

- BSc/MSc Degree in Computer Science, Engineering, or related field
- 3 years of proven work experience in Quality Assurance and Test Automation
- Strong knowledge of software QC methodologies, tools processes
- Experience working in an Agile/Scrum development process
